STANDARD FEATURES

Package

- Memory Package
 - Save and recall positions for the driver's seat, adjustable pedals, steering column, and outside rearview mirrors
 - Press the memory button 1 or 2, or use the key fob to return position preferences
- Enhanced Driver Alert Package Includes:
 - Low Speed Forward Automatic Braking
 - Forward Collision Alert
 - Haptic Safety Alert Seat
 - IntelliBeam[®] headlamps
 - Lane Keep Assist

Mechanical

- Magnetic Ride Control[™] This next-generation real-time damping system uses a dual coil receptor, which improves responsiveness to quickly changing road conditions. The Magnetic Ride Control[™] suspension:
 - Reads the road continually and reacts instantly to road conditions
 - Uses electro-magnetism to change the damper fluid's properties (no moving valves)
 - Helps reduce body roll
 - Enhances traction and allows more precise steering
- 6.2L EcoTec3 V8 engine The aluminum-block 6.2L EcoTec3 V8 engine features the latest engine technologies that help deliver confident power when needed and enhanced fuel efficiency at cruising speeds.
 - 420 hp
 - 460 lb-ft of torque
 - Active Fuel Management[®]
 - Direct Injection
 - Variable Valve Timing
- 8-speed automatic transmission
 - Electronically controlled with overdrive
 - Includes tow/haul mode and tap up/tap down shifting
- Rear axle/3.23 ratio
Standard with the 6.2L Eco Tec3 V8 aluminum block engine.
- Push button start With your foot on the brake, start the vehicle by pushing the Start button with the transmitter inside the vehicle.
- Tow/haul mode selector, button located at end of shift lever
- High capacity air cleaner
- Locking rear differential For added traction and better capability, this feature helps your vehicle power through the toughest terrain by keeping the rear wheels moving together.
- Autotrac 2-speed active transfer case
 - Remains in 2WD mode until the system detects wheel slippage
 - Automatically engages 4WD until traction is regained
 - Allows driver shift-on-the-fly capability from 2WD to 4WD at any speed, using a rotary control
 - Neutral position allows the vehicle to be towed behind another vehicle
 - Requires 4WD models and the Heavy-Duty Trailering Package
- 170 amp alternator
- 4-wheel drive

- Trailering equipment Includes:

- Hitch platform
- 7-wire harness with independent fused trailering circuits, mated to a 7-way sealed connector
- 2" trailering receiver
- Integrated trailer brake controller
 - Helps provide immediate and measured brake force signaling to electric-controlled trailer brake systems
 - Trailer gain and output are displayed in the driver information center
 - Requires Heavy-Duty Trailering package on SLE and SLT models
- External auxiliary transmission oil cooler
- External engine oil cooler
- 7500 lbs. GVWR
- Suspension, front coil-over-shock with stabilizer bar
- Suspension, rear multi-link with coil springs
- Steering, power
- Powertrain grade braking
- 4-wheel antilock disc brakes
- Exhaust, aluminized stainless-steel muffler and tailpipe
- Tools, mechanical jack and wheel wrench stored in rear quarter trim

Interior

- Audio system, 8" Diagonal Color Touch Screen Navigation with IntelliLink¹
 - 8" diagonal color touch-screen with navigation and hidden storage
 - Bluetooth streaming audio for music and most phones²
 - 2-D and 3-D mapping capabilities
 - Voice-activated technology for radio and phone featuring Apple CarPlay^{3,4} and Android Auto capability for compatible phone
 - 5 USB ports⁵
 - Auxiliary input jack

¹ IntelliLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

² See www.gmc.com/learn (<http://www.gmc.com/learn>) for phone compatibility information.

³ Requires compatible smartphone and data plan rates apply.

⁴ CarPlay is provided by Apple and is subject to Apple's terms and privacy policy. For Apple CarPlay support see <https://www.apple.com/legal/sla/> (<https://www.apple.com/legal/sla/>) for more information. Apple may change or suspend availability at any time. Apple CarPlay™ is a trademark of Apple Inc.

⁵ Not compatible with all devices.

- Bose® Centerpoint® Surround Sound premium 10-speaker system This premium 10-speaker system uses:
 - Digital amplification
 - SurroundStage® signal processing circuitry
 - Bose®¹ AudioPilot® noise compensation technology
 - Standard only on Denali

¹ Bose is a registered trademark of the Bose Corp.

- CD player Single-slot CD/MP3 player
- SiriusXM® Satellite Radio

Welcome to the world of SiriusXM®¹

- Enjoy your 3-month trial subscription to the All Access package with over 150 channels including commercial-free music, plus sports, exclusive talk, entertainment and news
- Plus, listen on the app and online – it's included with All Access, so you'll hear the best SiriusXM has to offer, anywhere life takes you

¹ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call us at 1-866-635-2349. See our Customer Agreement for complete terms at www.siriusxm.com (<http://www.siriusxm.com>). - HD Radio

- OnStar^{®1} with 4G LTE and built-in Wi-Fi[®] hotspot
 - Connect to the internet at 4G LTE speeds
 - Includes 3GB or 3 months OnStar1 Data Trial (whichever comes first)

¹ Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar subscription and data plan. Visit www.onstar.com (<http://www.onstar.com>) for detail and system limitations.

- Wireless Charging for mobile devices
 - Wireless Charging¹ uses induction technology for portable electronic devices
 - Convenient charging location – on the top of the center console
- ¹ The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see <https://my.gmc.com/learn> (<https://my.gmc.com/learn>).
- Active Noise Cancellation
- NavTraffic. Avoid congestion before you reach it by enhancing your vehicle's navigation or entertainment system with NavTraffic. With detailed information on traffic speed, accidents, construction, road closures and more, you will get to your destination faster and more easily than ever before.
- Front Bucket Seat
 - Perforated leather-appointed heated and ventilated seat cushions
 - 12-way power driver and passenger seat includes 6-way power cushions, driver seat 2-position memory, 4-way power lumbar control and power recline
- Seats, second row bucket, power release, heated The seat folds and tumbles with the touch of a button.
- Seats, third row bench, power folding
 - Press the button to move the bottom cushion forward and down, and then the seatback folds forward
 - 60/40 Split-folding feature allows each side to fold flat independently
 - Standard only on SLT and Denali
- Seats, heated and ventilated driver and front passenger perforated leather-appointed
- Seats, second row, heated Includes HI and LO settings.

- Safety Alert Driver Seat
- Seat adjuster, front passenger 6-way power
- Floor console
 - Storage area, cup holders and auxiliary power outlet
 - USB ports¹ and auxiliary jack

¹ Not compatible with all devices.

- Cargo net
 - Black envelope-style cargo net
 - Attaches to the sides of the cargo area to secure small, light items
- Floor mats Removable color-keyed floor mats for first and second rows
- Floor covering Color-keyed carpeting
- Steering column, power tilt and telescopic Allows you to adjust the angle of your steering column to attain your most comfortable driving position.
- Leather-wrapped steering wheel, heated Leather-wrapped steering wheel is heated to keep you comfortable on cold days.
- Steering-wheel mounted audio and cruise controls
 - Allow the driver to operate the vehicle's audio and cruise-control systems conveniently with both hands on the wheel and eyes on the road
 - Include controls for the Driver Information Center that allow the driver to view vehicle information and access menus to customize feature preferences
- Customizable driver display
 - Three driver-selectable themes (Standard, Media or Technology)
 - Menu selections include fuel data, audio information, trailer settings, phone features or navigation
 - Standard only on Denali
- Head-Up Display
 - Projects vehicle information onto the windshield where it is easy to see without looking down and away from the road

- The images are projected through the HUD lens on the driver side of the instrument panel
 - You can adjust the display's vertical position and brightness to suit you
 - Includes 4 full-color enhanced views featuring Speed, Audio/Phone, Navigation and Performance
 - Other vehicle operating detail can also be displayed including Tachometer, Collision Alert, Cruise Control, Lane Departure Warning and Low Fuel information
 - Standard only on Denali
 - Power Windows All express down and front express up, one touch.
 - Power door locks Power programmable with lockout protection.
 - Keyless Entry System
 - When the doors are locked and the transmitter is within 3 feet of the door handle, pressing the lock/unlock button on the driver door handle will unlock the driver door
 - If the lock/unlock button is pressed again within 5 seconds, all passenger doors will unlock
 - Pressing the lock/unlock button on any passenger door will unlock all the doors
 - Set which doors unlock with the driver's door in the Driver Information Center preferences
 - After you exit your vehicle, the system remembers to securely lock all doors
 - Standard only on SLT and Denali
 - Remote vehicle start Includes extended range Remote Keyless Entry.
 - Cruise control Electronic with set and resume speed
 - Power-adjustable pedals
 - With the push of a button, the accelerator and brake move forward or back to help adjust to your most comfortable driving position
 - On SLE models, requires the available Convenience Package or SLE Value Package
 - Universal Home Remote
 - Turn on your home's exterior lighting and operate your garage door from inside the vehicle
 - Program up to 3 remote-controlled devices
- On SLE models, included with the available SLE Value Package.

- Tri-zone automatic climate control Individual climate settings for driver, right-front passenger and rear passengers.
- Rear-window defogger Keeps the back window clean of frost and fog to maintain optimum visibility.

- Windshield style, acoustic laminated glass
- Windshield, solar-absorbing
- Solar-Ray deep-tinted glass All windows except light-tinted glass on windshield and driver and front-passenger-side glass.

- Front wiper, Rainsense™
 - Intermittent
 - Rainsense™
 - Standard on all models
- Hidden rear wiper Wiper is tucked away under the rear spoiler at the roofline.
- Rear liftgate, power, hands-free
 - The hands-free power feature allows you to open the liftgate by using a kicking motion under the center rear of the bumper
 - Includes programmable memory height that can be set for easy reach or to accommodate areas with low ceilings

Safety

- Brakes, 4-wheel antilock, 4-wheel disc
- Low Speed Forward Automatic Braking¹ This feature automatically applies the brakes to help reduce a collision's severity if the vehicle is traveling at a low speed and the system detects that a front-end collision situation is imminent. ¹ Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's owner's manual for more important safety information.
- Hill Start Assist, brakes
- StabiliTrak, stability control system with brake assist, includes traction control
- Daytime Running Lamps
 - Illuminated when your vehicle is running and headlamps are off
 - Makes your vehicle more visible to oncoming traffic
 - Helps reduce the risk of collision
- Air bags, including front seat mounted center
 - Frontal air bags¹ work with the safety belt system to reduce the risk of injury to the driver and right-front passenger in the event of an accident
 - Side-impact air bags help provide additional protection for occupants in the outboard seating positions in all rows

¹ Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

- Automatic Occupant Sensing System
 - Works with sensors in the front passenger seat to determine if the seat's front air bag¹ should be turned on or off to prevent its inflation
 - The front passenger/child-presence detector is designed to turn off the front outboard passenger frontal air bag¹ if the seat is unoccupied, a child is present or the front seat occupant takes his or her weight off the seat for a period of time
 - Illuminates a status light that indicates whether the air bag is on or off
- ¹ Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
- LATCH system Lower anchors and top tethers located in all second row seating position. Top tethers located in 3rd row seating positions.
 - Parking assist, front and rear
 - Assists driver when parking
 - Includes ultrasonic sensors at both the front and rear of the vehicle that detect certain stationary obstacles in the vehicle's path
 - Delivers audio and visual alerts when the vehicle is close to these obstacles
 - Also delivers vibrating alert if vehicle is equipped with Safety Alert Seat
 - Rear Cross Traffic Alert¹
 - Uses sensors to detect any traffic approaching the rear of the vehicle from its left or right
 - Informs the driver of this rear cross traffic to help avoid a crash while backing up the vehicle

- Displays warning triangles with left/right indicator arrows in the Rear Vision Camera screen and issues 3 left/right pulses of the Safety Alert Seat to alert the driver

¹Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's owner's manual for more important safety information.

- Forward Collision Alert¹

- Telltale illuminates if the distance between your vehicle and the vehicle ahead has substantially closed, Red flashing lights and the haptic seat alert the driver if a crash is imminent
- Employs a "High" flashing imminent-crash alert to draw the driver's attention to the road ahead
- Allows the driver to set a preferred following gap (near, medium or far), so alerts will be purposeful for the driver
- Requires Enhanced Driver Alert Package on SLE models

¹Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's owner's manual for more important safety information.

- Lane Keep Assist¹

- Senses the lane boundaries and helps keep your vehicle centered by providing steering reminders
- Requires Enhanced Driver Alert Package on SLE models

¹Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle owner's manual for more important safety information.

- Rear Vision Camera

- Gives the driver a clear view of the area immediately behind the vehicle within the infotainment display to assist while backing up
- Uses a camera near the rear license plate that automatically turns on when the driver puts the vehicle into reverse

- Side Blind Zone Alert with Lane Change Alert Side Blind Zone Alert display¹:

- Helps the driver avoid crashes with other vehicles in the next lane
- Uses sensors and radar technology to monitor the coverage area that extends 1 lane over and back approximately 230 feet (from side mirrors)
- First, a symbol in the mirror lights up and, once the driver turns on their signal, the light begins to flash if a vehicle is detected in the side blind zone indicating when the driver should not change lanes

¹Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's owner's manual for more important safety information.

- Teen Driver

- A configurable feature that lets you activate customizable vehicle settings associated with a key fob to encourage safe driving behavior
- It can limit certain vehicle systems and it prevents certain safety systems from being turned off
- An in-vehicle report gives you information on your teen's driving habits and helps you to continue coaching your new driver

- Tire Pressure Monitor System Includes:

- Air pressure sensors at each tire¹
- Low tire pressure alert
- Actual tire pressure display in the Driver Information Center

¹Excludes spare tire.

Price less cash offers. Tax, title, license and dealer fees extra. Not available with lease, special finance and some other offers. See participating dealer for details.

MSRP excluding installation, taxes and wheel components (if applicable). Dealer prices may vary. Some accessories may require purchase of additional equipment and/or services. See your dealer for details.

[†]MSRP excludes tax, title, license and dealer fees. See dealer for details.

1. Visit <https://my.gmc.com/learn> to see which phones are compatible with each vehicle.

2. Vehicle user interfaces are products of Apple and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.

3. Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

4. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.
